* [redacted] Comment. The boxcar loaded with furniture was consigned to Ratto Teller at 23 Laubenheimerstrasse, Berlin-Wilhelmsdorf, [redacted]. A waybill listing the trains to which the car was to be attached was fixed on the boxcar. All the railroad stations where the boxcar was to be transferred to another train were to be informed by telegraph in advance. The arrival of the car at each station was to be reported back to the preceding station. Furniture is very seldom shipped from the U.S.S.R. to West-Berlin. It has never been observed previously that the route taken by such goods was predetermined.
